Enabling Next Generation Grids and e-Research

Date: Nov 30 (Friday), 2007

**Time: 1:00pm-5:00pm (Join us
for Lunch from 1-2pm)**

Welcome to:

Grids & e-Research Expo

The Expo organized as part of Melbourne e-Research Day aims to:

- bring together researchers, developers and users of Grid technologies and e-Research applications to share and exchange ideas,
- demonstrate Gridbus technologies and e-Research applications developed in collaboration with Australian and international organisations.
- explore how we can collaborate and work together in Grid-enabling your applications and/or in advancing Grid technologies to the next level!

Our R&D is supported by: ARC, DEST, StorageTek, Sun, IBM, and Microsoft.

Venue: Room 4.04, Dept. of Computer Science and Soft. Engineering
